

# STAIR SHIELD™

## REUSABLE STAIR PROTECTION

Stair Shield™ is a reusable, heavy-duty, yet lightweight stair protection product.

Stair Shield™ protects every part of the stair including the tread, riser, and bullnose. The adjustable tread allows for dynamic coverage, protecting treads that are 10.25in, 11in, and 11.25in deep. The two grip strips promote traction for extra stability. Stair Shield™ is offered in 34in wide and 40in wide options. *Patent Pending.*

34in wide, fits 10-11.25in Stair Depth  
PLS SS 34  
40in wide, fits 10-11.25in Stair Depth  
PLS SS 40

\*Use caution when installing, securing, and using any temporary stair protection products to ensure user safety. Test product before every use. Ensure surface is not wet and is free of dust and debris. Instructions: Sweep or vacuum all debris from surfaces to be covered. Place Stair Shield™ on stair, using adjustable fold creases to ensure proper fit. Fold bullnose down. Tape edges of Stair Shield™ directly to stair; consult flooring manufacturer for recommended tape. Ensure product is adequately secured, not wet, and no visible debris is on the product; Test prior to use.
